

# Call for Presentation & Save Date

## 7th German Conference on Rail Human Factors

TU Berlin, 17th & 18th February 2027

As digitalisation and automation advance, keeping humans in the loop is essential. Rail Human Factors ensures effective integration of people in today's and future railway systems.

The 7th German Conference on Rail Human Factors will offer an opportunity to meet with national and international experts in the fields of railway research and human factors and discuss the different topics of Rail human factors.

### Conference:

Included topics (but not limited to):

- Ergonomics and Usability of advisory and assistance systems
- Automation, fatigue, monotony, mental workload
- Risk, Human error and Human reliability
- Situation awareness
- Incident investigation
- Safety culture
- Human Factors Integration
- Rules and Standards

→ free of charge

→ conference language is English

→ Registration start: 1st September 2026

Main topic of the conference is the discussion of ongoing research. Therefore, there will not be any paper proceedings, but we are looking forward to your proposals of a presentation.
